

Index for Volume IX, 1938

The Index to Volume IX of *California Schools* has been arranged in the briefest possible form, and, for the first time, is included as a part of the December issue. The editors have omitted reference to practically all items in the section, "For Your Information," and by means of a system of cross indexing have reduced the listing of separate items to a minimum. Interpretations of school laws are listed under "Legal Interpretations" and do not appear under subject headings in the general index. The abbreviations, SC, AC, and AGO, have been used in the legal section to indicate whether an item is a digest of a decision of the Supreme Court, the Appellate Court, or of an opinion of the Attorney General.

The first number after each item in the Index refers to the number of the issue of *California Schools* where it may be found, and the second number cites the page on which the item appears. A comma separates the number of the issue and the page reference; a semicolon separates references to the same subject.
